

SKILLS

The Skills program is an important step of the AGGA Accredited Company program. It is part of AGGA's commitment to providing ongoing training and development opportunities for our members.

In a competitive market it's important to stay up to date to ensure you can offer high quality services.

The Skills program is designed for individuals and provides a clear pathway for career development. Continuing professional development (CPD) is an important part of this pathway for participants to maintain their status.

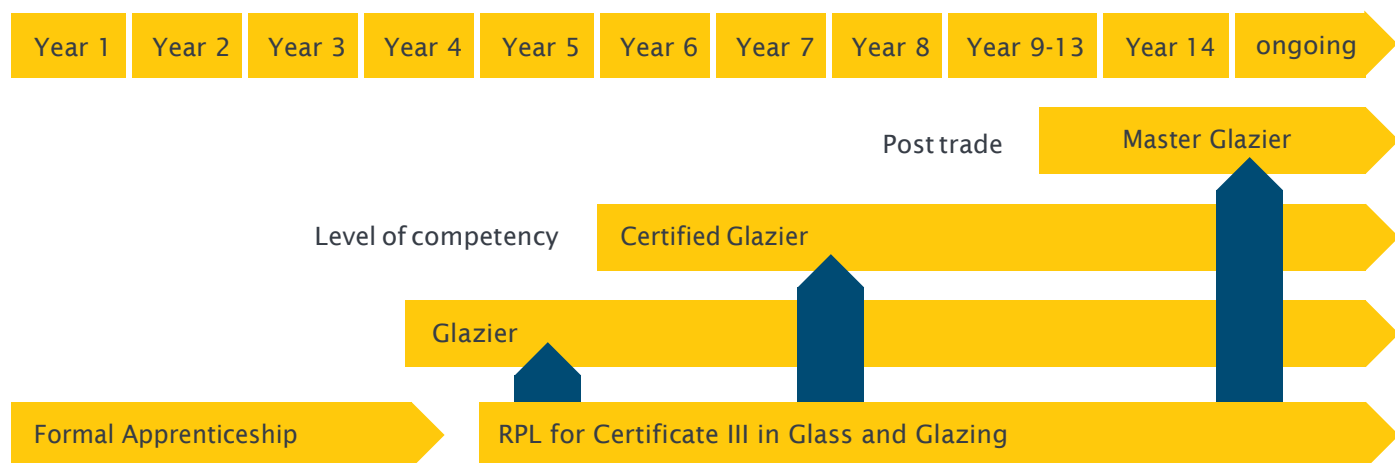

There is a range of training and development activities recognised by the program to ensure that participants have a wide choice of CPD activities to choose from.

Benefits of the Skills program

Individuals and the companies they work for can benefit from the skills development program in a number of ways:

- It enables a company to reward and recognise those staff who wish to progress their careers.
- As less than 30% of 'glaziers' are suitably qualified this helps differentiate in a competitive market.
- Provides career development opportunities and a clear pathway of progression.
- Helps to build the professional profile of glaziers and glazing.
- Potential to reduce injuries and fatalities in our sector through better training.
- Gain better knowledge of products and materials that are available in the market and thus improve ability to sell to clients.

Individuals can be recognised as either Certified Glaziers or Master Glaziers, based on their level of experience and expertise.

HOW DO I GET INVOLVED?

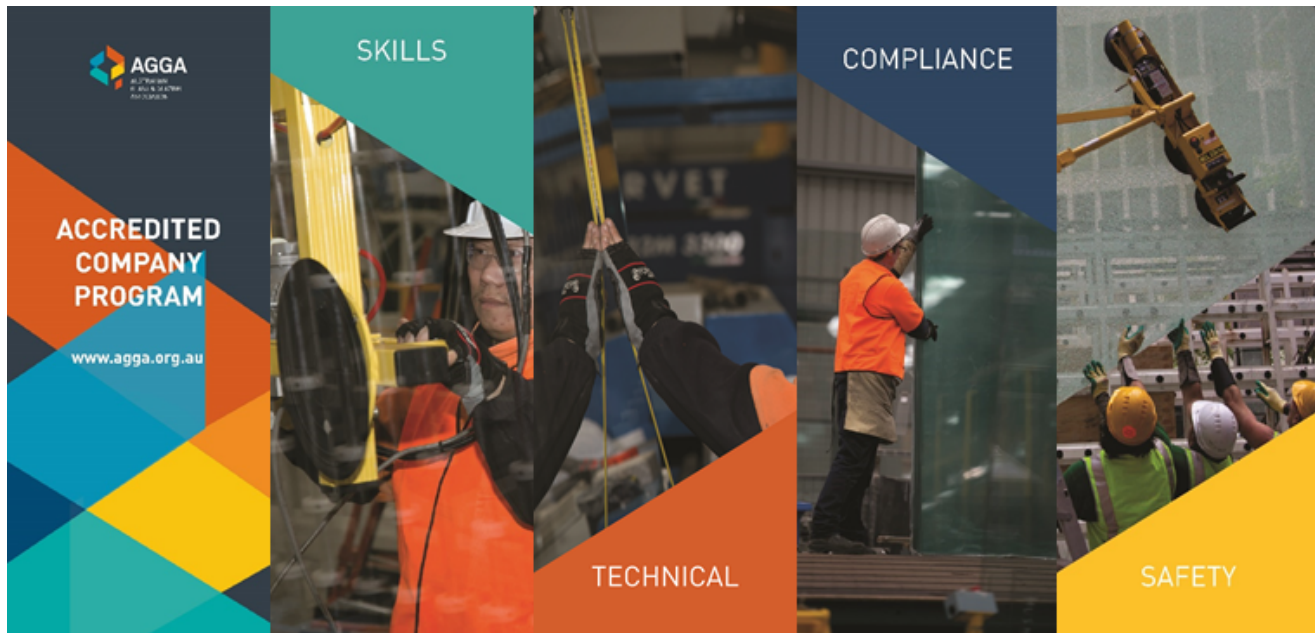

To apply to become a Certified or Master Glazier you will need to complete an application that includes:

- **Qualification details** (with exemption options available to experienced glaziers)
- **Work examples** (that best represent the type of work you undertake)
- **Referees** (who can provide comment on your experience and quality of work)

Non-members can also participate in this program.

Application forms are available online – www.agga.org.au/training or for further information contact the AGGA office on (03) 8669 0170 or email patrick@agga.asn.au

The AGGA Accredited Company Program

Skills development is part of the AGGA Accredited Company Program, which provides a frame of 4 pillars for you to develop and demonstrate the skills, experience and quality of your staff and organisation. Put simply, it makes it easier for you and your company to stand out against your competition.

The Viridian Trade Centre and GCS supporting the heroes of the industry

Glaziers who have the dedication and skill to make great glass projects deserve recognition. That's why the Viridian Trade Centre and GCS are proud to support glazing as a recognised professional career path, through our platinum sponsorship of AGGA's Accredited Company Program.
